GUIDED TOURS

60-minute tour of the permanent collection

60-minute tour of Seeing Differently

- 60-minute tour of the major centennial exhibition *Seeing Differently: The Phillips Collects for a New Century* (February 20–September 12, 2021). Drawn from the museum’s growing collection of nearly 6,000 works, *Seeing Differently* highlights over 200 works by artists from the 19th century to the present, including paintings, works on paper, prints, photographs, sculptures, quilts, and videos. The exhibition explores the complexities of our ever-changing world through themes of identity, history, place, and the senses.

You may not be able to step inside the galleries, but that doesn’t mean we can’t give you a unique, immersive museum experience.
