

COLLAGE: TECHNIQUES

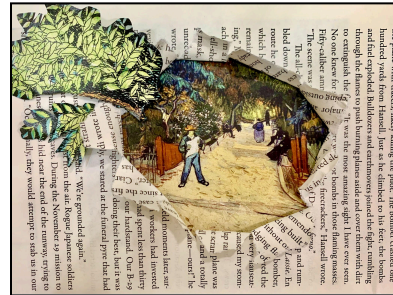

TEXTURE

Use paper to crumple, fold, or tear to create interesting textures

REVEAL

Tear or cut away parts of an image to reveal something beneath.

REPLACE

Cut away part of an image and replace it with something else.

COMBINE

Cut up parts of objects and combine them to create unusual and eye-catching forms.

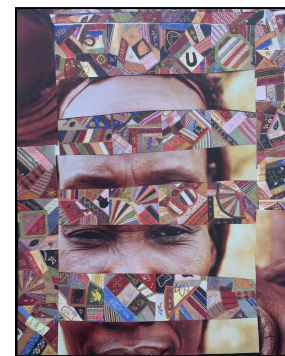

OUTLINE

Cut objects away from their background to reveal the outline of their shape.

STRIPS

Combine two or more images in horizontal or vertical stripes

SHAPES & SYMBOLS

Add shapes and symbols to help convey your theme or message.

DRAW/PAINT

Draw or paint on your image to add visual interest or to convey a meaning.

What styles would you like to try?	How might you create this style?	What do you like most about this style?
Sample: REPLACE	Cut out the background and put a space theme instead	That you can change the setting of the work

Which one would you like to try for your collage? _____

Sketch some ideas you may have below:
